22.1.3 Notification to the Sub-Union of the proposed scratching after 15h00 on the business day preceding the fixture shall be deemed to be a non-arrival and dealt with in terms of the provisions of 22.2 below.

## 22.2 Non-Arrivals:

22.2.1 Any team failing to arrive for a scheduled fixture will be penalised FIVE (5) log points and, in addition, incur a fine of R2000, such fine to be paid to the opposing Club. (Deducted from Club grant).

22.2.2 In either a scratching or non- arrival, the opposing team will be awarded FIVE (5) log points for that particular game (four match points plus one bonus point).

22.2.3 The referee shall start the match at the specified kick off times. At his discretion, if the teams have not taken the field of play **15 minutes** after the scheduled kick off time, the match will be considered abandoned and treated as a non-arrival in terms of the Rules.

## 22.3 Match Abandonment:

22.3.1 If a match is called off by the appointed match official for what ever reason (e.g. weather, discipline, player safety) **before** half time, then the match will be re-scheduled by the KZNRU Fixtures Committee.

22.3.2 If a match is called off by the appointed match official for what ever reason (e.g. weather, discipline, player safety) at **half time or thereafter**, the score at the time will stand and log points awarded accordingly. This match will not be replayed.

## 23. MINIMUM PLAYERS/PROPS PER TEAM

- 23.1 All league teams should arrive with at least 15 players prepared to take the field of which two must be recognised props, including one identified player who can play prop in case of injury.
- 23.2 Should any team arrive, however, with less than fifteen players but provided there are at least twelve players, then the match can commence subject to the provisions of 23.1 relating to props.

**Note:**

23.2.1 Since safety on the field is a priority, the referee will always request the captain of each team to identify both props and the replacement prop before he will commence the match.

- 23.3 At any time after the match has commenced, should two of the three identified props be injured, then the referee will rule that uncontested scrums will apply.
- 23.4 **NON COMPLIANCE:** - Should a team, at the scheduled commencement time of the match, not have twelve players and/or not have two recognised props and an identified player who can replace either then that team will be regarded as a non-arrival, will forfeit the match and the provisions of Regulation 23.2 shall apply.

**24. SCRATCHINGS: PENALTIES & FINES** (excluding log points dealt with in 22 above).

**24.1 Premier and Reserves Division:**

- 1<sup>st</sup> Scratching - R2000 fine  
2<sup>nd</sup> Scratching - R3000 fine  
3<sup>rd</sup> Scratching - R5000 fine and automatic withdrawal from the league in which it competes. In addition, **ALL senior teams of that club**, including the 1<sup>st</sup> team, will be penalised **ONE (1)** log point.

**24.2 First, Reserves and U20 A Division:**

- 1<sup>st</sup> Scratching - R1500 fine  
2<sup>nd</sup> Scratching - R2000 fine  
3<sup>rd</sup> Scratching - R3000 fine and automatic withdrawal from the league in which it competes. In addition, **ALL senior teams of that club**, including the 1<sup>st</sup> team, will be penalised **ONE (1)** log point.

**24.3 Other Teams:**

- 1<sup>st</sup> Scratching - R500 fine  
2<sup>nd</sup> Scratching - R1000 fine  
3<sup>rd</sup> Scratching - R1500 fine and automatic withdrawal from the league.

The additional penalties shall also apply to all non-arrivals.

**25. TEAM WITHDRAWALS**

- 25.1 Any club withdrawing one of its officially entered teams from the leagues, even prior to the commencement of the season, will incur a fine of R5000.
- 25.2 The only exception to this rule will be in the case of a club withdrawing a team before the first league game and the KZNRU Fixtures Committee being able to arrange for another Club side in its place, thereby avoiding any disruption of fixtures. Such team withdrawing will then be subject to rule 24.
- 25.3 Should the side withdrawn be an Under 20 team, the fine of R3000 shall also apply.

25.4 In the event of a team scratching from the league during the course of a season, all previous fixtures involving that team shall be deemed not to have been played and the logs points accumulated therefore nullified.

**26. PAYMENT OF FINES**

26.1 All fines will be deducted from any portion of the KZNRU grant still due to that Club for the year in question and in the absence of any portion of the grant still being due to the Club, from the KZNRU grant allocated to the Club for the following year.

**27. LOG POINT FORMAT**

27.1 The following log point format will apply in all KZNRU competitions:

Win	:	4 points
Draw	:	2 points
Loss	:	1 point for loss within 7 points or less of the team that wins
Loss	:	0 points for loss of more than 7 points
Try Bonus	:	1 point for a team that scores 4 or more tries per match.

**28. CLUB MATCHES PLAYED AT CLUB GROUNDS**

28.1 Clubs are asked to take cognisance of the following requirements pertaining to decentralised venues, and to note that these will be strictly monitored throughout the season by the respective Sub-Unions.

28.1.1 Adequate spectator control should reside in the hands of a Club official and a minimum **3 metre** corridor around the playing areas should be maintained at all times during matches. If this corridor is not clearly demarcated and maintained, the referee shall be entitled to suspend play until satisfied that the corridor is demarcated and maintained.

28.1.2 Demarcation of two 'technical' areas (approx. 6m x 2m) three meters from the touchline and near the halfway. This clearly marked or cordoned off area is to be used by the respective reserves and team officials. Only with the permission of the Referee may team officials leave this area. Reserves may leave the area for warm up purposes or when about to go on as a replacement.

28.1.3. Consumption of liquor outside of licensed areas is prohibited in terms of the Liquor Act and strict adherence thereto should be observed. This means that the consumption of liquor within the playing enclosure is illegal.

28.1.4 Adequate:-

28.1.4.1 First aid equipment and expertise must be available, without which the referee will not start the game;

28.1.4.2 Secure change room and shower facilities should be available for all teams, and for the officiating referee/s;

28.2 A properly maintained and marked field in compliance with Law 1 (Grounds) of the Laws of the game of Rugby Football (SARU 2014 edition handbook) with all flags in place must be available before any match can commence.

28.3 Should a visiting Club have cause for complaint regarding the facilities or arrangements at any venue they should submit their complaint, in writing, to the

Secretary of the Sub-Union concerned who shall acknowledge receipt thereof and place it before the Council of that Sub-Union for investigation and action.

## 29. SARU GOLD CUP

29.1 The winner of the FIDELITY SECURITY Premier Division will represent Kwazulu-Natal in the SARU Gold Cup in the same calendar year.

## 30. KNOCK-OUT COMPETITIONS

30.1 Venues for *Castle* Murray Cup and Junior Murray Cup knockout matches (Premier and First Division respectively) will be determined by the KZNRU Fixtures Committee.

30.2 The procedure to be followed in respect of all other knock-out games which end in a draw is as follows (excl. *Castle* Murray Cup Final):

30.2.1 If item 30.3 below is not applicable, then an extra 10 minutes each way shall be played.

30.2.2 If the scores are still level after extra time then the team scoring the greater number of tries shall be declared the winner.

30.2.3 In the event that both teams have scored the same number of tries then the match shall be awarded to the team scoring the most tries in previous matches of that specific competition.

30.2.4 If the try count in previous matches is the same, then the team with the higher point's differential from those previous matches shall be the winner.

30.2.5 Finally, should point's differential in previous matches be the same OR should there be no previous matches, then the team that scored the first try in the match shall be declared the winner. (If no tries, then first points scored in the match).

30.3 In the event of a Knock-Out match being played as a curtain raiser to a provincial match or more senior knock-out match, no extra time will be played, and if tries do not decide the winner, then this will be determined as per item 30.2.2 - 30.2.3 above.

30.4 The procedure to be followed in respect of *Castle* Murray Cup Final:

30.4.1 If item 30.3 above is not applicable, then an extra 10 minutes each way shall be played.

30.4.2 If the scores are still level after extra time then the team scoring the greater number of tries shall be declared the winner.

30.4.3 If the try count doesn't determine a winner, then the match will enter into a **Sudden Death** with the team scoring the first points, being declared the winner.

## 31. FINALISATION OF LEAGUE COMPETITIONS

31.1 When teams finish in any league competition with the same number of log points, including bonus points, their position in the league will be determined initially on points difference, thereafter on total tries scored, and finally by the spin of a coin.

31.2 Should a team involved in a tie with team 'X' on the log be in a situation where they have earned 5 log points but no points for or against because of a scratching by team 'Y', then they will be awarded the points for and against which resulted from the

league match between team 'X' and 'Y'. Point's differential will only be taken into account to determine the higher placed team.
